

No.1 CRANE

# TAEKANG STICK BOOM CRANE

## Crane Series

For the great steps to the creative future of our valuable customers, Taekang will do utmost efforts all the time

# STICK-BOOM CRANE

**Long-durability and high-quality  
anywhere in the world !**

Taekang hydraulic stick-boom crane has been proven its high durability and excellent performance under tough weather circumstance, such as Russia and Saudi Arabia.

Because all process of production, from input raw material to final painting, are done at inside of Taekang workshop, it is possible to control stable quality.

COMPACT-SIZE STICK-BOOM CRANE

# TKS 313 | TKS 314

## TECHNICAL SPECIFICATION

Description	Unit	TKS 313	TKS 314
Max. Lifting Capacity	ton/m	3.03/2.5	3.03/2.5
Max. Working Radius	m	7.5	9.8
Max. Working Height	m	9.5	11.5
Mounting Chassis (Payload)	ton	Over 3.5	Over 3.5

MEDIUM STICK-BOOM CRANE

# TKS 514 | TKS 506

## TECHNICAL SPECIFICATION

Description	Unit	TKS 514	TKS 506
Max. Lifting Capacity	ton/m	5.5 / 2.2	6.0 / 2.5
Max. Working Radius	m	10.6	16.4
Max. Working Height	m	13.1	18.5
Mounting Chassis (Payload)	ton	Over 5	Over 5

MEDIUM STICK-BOOM CRANE

# TKS 706 | TKS 806

## TECHNICAL SPECIFICATION

Description	Unit	TKS 706	TKS 806
Max. Lifting Capacity	ton/m	7.0/2	7.6/2
Max. Working Radius	m	18.7	20.3
Max. Working Height	m	21.7	23.3
Mounting Chassis (Payload)	ton	Over 5	Over 7

HEAVY-DUTY STICK-BOOM CRANE

# TKS 1005 | TKS 1506 TKS 1806

## TECHNICAL SPECIFICATION

Description	Unit	TKS 1005	TKS1506	TKS 1806
Max. Lifting Capacity	ton/m	10.0/2	15.0/2	18.0/2
Max. Working Radius	m	20.3	25.1	27.2
Max. Working Height	m	23.3	26.4	30.9
Mounting Chassis (Payload)	ton	Over 11	Over 15	Over 15
